

THIS IS TO BE COMPLETED BY AN UNDERGRADUATE STUDENTS ONLY

1. Do not complete this form if the module at another College is part of the published syllabus for your degree. See <http://www.soas.ac.uk/enrolment/intercollegiate/> for details.
2. Intercollegiate modules are not allowed in Year 1 unless required by your degree syllabus.
3. You may take up to 60 credits in intercollegiate modules, with a maximum of 30 credits per year.
4. You may not take an open option module at another College. You may only take intercollegiate modules in the subject(s) of your degree. For example, BA Law and History students may take modules in Law or History at another College, but not in other subjects.
5. You may not take an intercollegiate module if a suitable equivalent is available at SOAS, or if it significantly overlaps with a module you have taken or must take later. If unsure, consult your Undergraduate Tutor.
6. You may not take a language module at another College unless it's part of your degree syllabus (see note 1). Exceptions can be considered with support from the relevant SOAS Undergraduate Tutor.
7. You must complete any required intercollegiate form from the teaching College and include approved modules in your SOAS sign up.
